FRIDAY EVENING, APRIL 5.

AID FOR THE SOUTH. - In reply to a letter from one of the lady managers of the fund for the relief of the suffering in the South, now beprincipal of the Charlotte (N. C.) Female In- September 25th, 1867, till paid, and costs. stitute writes as follows:

CHARLOTTE, N. C., April 1st, 1867. Dear Madam :- Your esteemed favour has

been received. I am truly glad to learn that the good ladies of your town are ready to aid the suffering poor in the South. I assure you they need for \$20, and costs. help. What you have read in the papers is by no means an exaggerated account of their suf ferings. The half has not been told. Many suffer who never tell their woes.

I will aid you in your kind efforts all I can. The plan I would suggest is; buy as much corn as you can in Richmond or Norfolk-the last is the better market-have it shipped, freight paid, to Hammond & McLaughlin, Charlotte, N. C. These gentlemen are merchants, doing a large business, and can be relied on. They promise me that they will attend to the distribution of the corn without any charge.

One of the persons is going to morrow to a county in which there is a great deal of suffering, and he has promised to seek out the most needy and deserving. So that by the time the corn arrives we will know who ought to get a portion. Please write as soon as the corn is purchased.

In the name of the many sufferers in this region, I thank you and devoutly pray, that you may realize in your own experience the Scripture promise. "He that hath pity on the poor, lendeth to the Lord."

I am with great respect, yours &c. R. Burwell.

A meeting of the gentlemen requested by the Mayor to act as Committees to solicit contributions in the different wards of the city, to the fund to which the above has reference, was held this morning, at the Banking House of Burke, Herbert & Co., at which B. Wheat, for the 1st; T. A. Brewis, for the 2d; Col. Arthur Herbert, for the 3d, and G. W. Clifford, for the 4th, were appointed as chairmen of the committees for their respective wards.

ALEXANDRIA CANAL.-Mr. W. W. Dungan, of this city, has addressed the following letter to the editor of the Cumberland Civilian, under date of April 2, 1867. This has the ring of business operations, and we hope that all interested may realize their fondest wishes in the Revival of the Coal and other Trade, in Alexandria.

DEAR SIR: - It gives me pleasure te report the arrival of the Canal Boat "Wellington," consigned to Capt. Boothe, of the American heighth. Coal Company. This is the first of the season, either to Georgetown or here, and we trust will inaugurate for Alexandria a prosperous and full season for business. She arrived at 12 o'clock last night.

The Alexandria Canal is now in splendid working condition having been repaired throughout its entire length in the most substantial manner, and we now look forward to some of the material benefits, so long deprived of by reason of grim visaged war.

We want to see all the Mining Companies accessible to Canal represented at Alexandria. We shall take pleasure in taking care of, and introducing to our port, with its superior advantages for shipping, all interests, however great or small; and see that those who favor us with the trade shall meet with every facility we possess.

We learn that there are companies in the Alleganies who have not been represented in Alexandria heretofore, but would gladly avail themselves of this outlet. From such we cordially invite their business.

W. W. DUNGAN, for self and Associate Lessees.

DR. SAMSON delivers his last lecture, tonight, at the Baptist Church, in this place. The subject will be JERUSALEM-and it will, no doubt, be full of interest. Those of our citizens who have not attended these lectures, will, when they hear of their excellence, and of | For breeding purposes a much larger cage is the instruction they afford, regret their absence. We have had no such a course of real lectures, heretofore, in this place. They are illustrated by maps and plans, and by specimens of the natural productions of Palestine, the dresses of the natives, &c., &c. Dr. S. has not only been a traveller, but is a learned scholar. His modest, and unaffected, but impressive manner, wins the attention of his audience, and enables him to impart the instruction he gives, with pleasure to every listener.

FUNERAL OBSEQUIES .- The remains of the late B. C. Milburn, were escorted to the grave yard, yesterday evening, by Sarepta Lodge No. 46-of which he was a member-Potomac Lodge No. 38, and Marley Encampment No. 6, of I. O. O. F., by Osceola Tribe of I. O. R. M., and by a numerous cortege of other citizens. The religious services were conducted by the Rev. Mr. Nerton, after which the burial ceremonies of the different orders to which the deceased had belonged, were performed.

+60+-THANKSGIVING .- The 26th instant, the anniversary of the introduction of Odd Fellowship into the United States, having been set apart by authority of that brotherhood, as a day of thanksgiving throughout the United States, will be celebrated accordingly, and the members of the order in this city are cousidermeeting is postponed until WEDNESDAY, the ing the propriety of accepting the invitation of the Washington city Lodges to visit them on that day.

> TESTIMONIAL. - At the last regular meeting of the Friendship Fire Company, it was unanimously resolved to appoint a committee to select and procure an appropriate testimonial, to be presented by the Company, to Mrs. Catherine Field, who so admirably performed the duties incumbent upon her, as President and Manager of their late fair.

> THE FISH MARKET, at the Market House, is now daily supplied with the finest rock, perch, &c. At the Fish wharf this morning, the fishing boat from Mr. Joseph Cawood's shore (Fowke's, King George county) arrived with six or eight thousand herring, and about five hundred shad-the largest load, so far, this season.

C. & O. CANAL.—Though the canal is in navigable condition throughout its entire length, but a small quantity of coal has yet been shipped. Only one or two companies are doing anything. The hitch, we understand, is between the companies and boatmen with respect to rates of freight, the boatmen asking \$1.50 per ton, while the companies are indisposed to pay over \$1.25.—Cumberland Alleganian. CANARY BIRDS. - The following facts relating to the treatment of Canary Birds, will be found useful to those readers of the Gazette who own them. The canary bird is one that does not require much attention, but what is required should be done regularly and with care. If the birds are wanted to sing, there ought to be only one in a cage, as they will not sing when together. An ordinary fancy cage, such as is to be bought anywhere, will do .-required. Put a small square box or a small willow basket in the cage, and then throw in some lint or bits of hempen rope, and the birds will make their nests. So soon as the young birds learn to eat alone, they should be taken from their parents and put in another cage. Keep the cages out of the draught, and feed the birds with canary seed. Now and then give them hard-boiled egg, but when they have young ones give them eggs every day. The cages should be kept clean, and always supplied with fresh water.
